Jangada Announces Additional High Grade Drilling Results from Pitombeiras North Target

Event

Jangada Mines plc ("Jangada") has announced additional high-grade assay results from its diamond drilling ('DD') programme at its Pitombeiras Vanadium Project ('Pitombeiras' or 'the Project') in Brazil. The programme has evaluated the structural corridor associated with the known vanadium titanomagnetite ('VTM') mineralisation, which includes the Pitombeiras North and Pitombeiras South anomalies and the newly discovered Goela VTM targets.

Highlights

The key points relating to Jangada's RNS are:

- Highest V₂O₅ grade intercept received to date at 0.81%
- DD20PI19 intercepted 35.25m at 0.70% V₂O₅, 13.22% TiO₂ and 64.74% Fe₂O₃ from 3m, including 7m at 0.81% V₂O₅, 15.29% TiO₂ and 72.69% Fe₂O₃ from 22m.
- DD20PI20 intercepted 38m at 0.64% V₂O₅, 12.51% TiO₂ and 61.42% Fe₂O₃ from 12m, including 14m at 0.75% V₂O₅, 14.46% TiO₂ and 70.97% Fe₂O₃ from 25m.

Comment

In the 19 hole drilling programme, 16 of the 19 holes intercepted significant VTM mineralisation. Of the 1360.8m drilled, 1,058.85m were at the Pitombeiras North target and 301.95m at the Goela target.

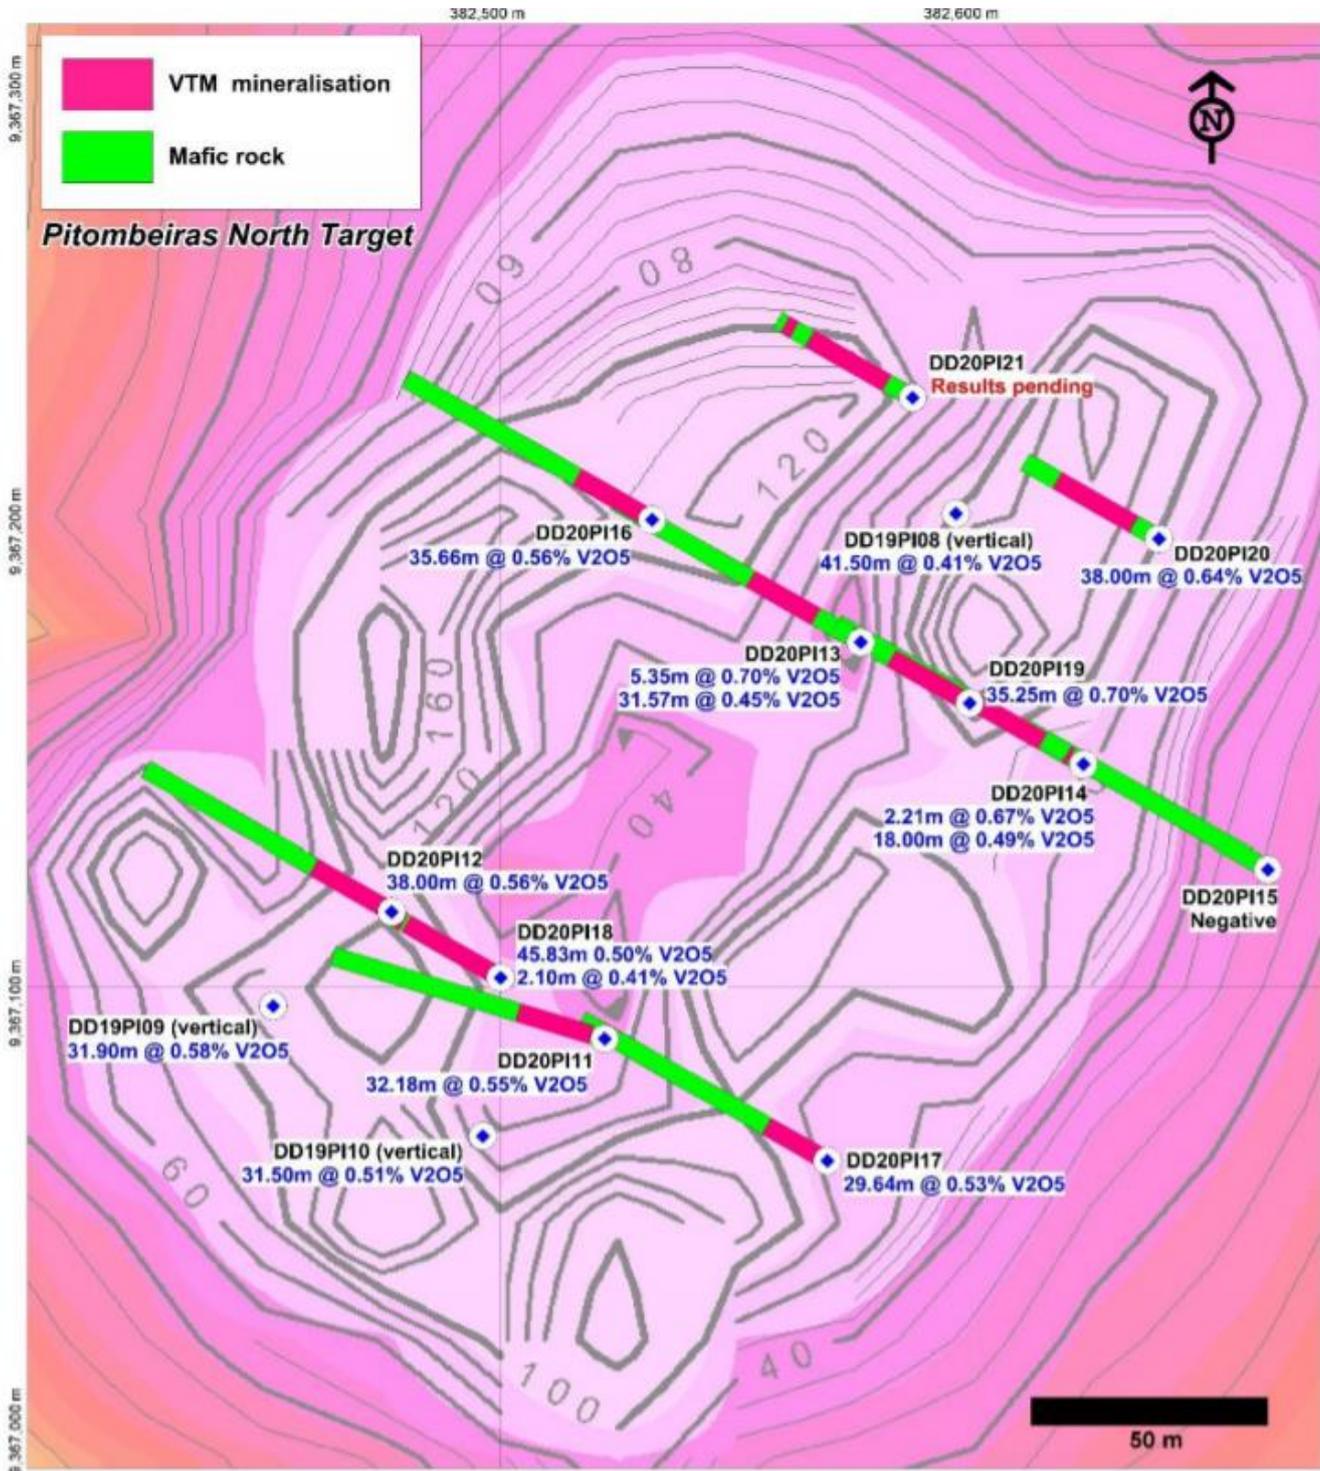

Assay results have now been received for 9 diamond drill holes. These two latest holes have pushed up the average vanadium grade to 0.535% V₂O₅ with an average width of 31.34m.

The latest drilling results are very consistent with the previous results released. They are all shallow, the deepest intersection being only 53.52m and exhibit fairly constant grades and widths. More importantly, in more than half of the holes, the mineralisation commences at surface.

There are another 7 holes with assays outstanding, 6 of them from the Goela Target. Jangada will then have sufficient data (20 VTM mineralised holes, including 2019 and 2020 drilling) to determine initial mineral resources and continue with a preliminary economic assessment ('PEA') and JORC resource estimate. Currently, the Company has 182 drill samples (including QA/QC samples) under analysis on the SGS-Geosol laboratory.

The original concept after the release of the Technical Report on the 30th September 2019 was to target a resource at Pitombeiras of between 40 Mt to 60 Mt tonnes at 0.3% to 0.6% V₂O₅, 40% to 55% Fe₂O₃ and 8% to 10% TiO₂ and this has not changed. However, it is now looking likely that the vanadium and titanium grades will be towards the top end of expectations, which would be an excellent outcome.

This document is not independent and should not be relied on as an impartial or objective assessment of its subject matter. Given the foregoing, this document is deemed to be a marketing communication and as such has not been prepared in accordance with legal requirements designed to promote the independence of investment research and Brandon Hill Capital Limited is not subject to any prohibition on dealing ahead of dissemination of this document as it would be if it were independent investment research.

This document has been issued by Brandon Hill Capital Limited for information purposes only and should not be construed in any circumstances as an offer to sell or solicitation of any offer to buy any security or other financial instrument, nor shall it, or the fact of its distribution, form the basis of, or be relied upon in connection with, any contract relating to such action. This document has no regard for the specific investment objectives, financial situation or needs of any specific entity. Brandon Hill Capital Limited and/or connected persons may, from time to time, have positions in, make a market in and/or effect transactions in any investment or related investment mentioned herein and may provide financial services to the issuers of such investments. The information contained herein is based on materials and sources that we believe to be reliable, however, Brandon Hill Capital Limited makes no representation or warranty, either express or implied, in relation to the accuracy, completeness or reliability of the information contained herein. Opinions expressed are our current opinions as of the date appearing on this material only. Any opinions expressed are subject to change without notice and Brandon Hill Capital Limited is under no obligation to update the information contained herein. None of Brandon Hill Capital Limited, its affiliates or employees shall have any liability whatsoever for any indirect or consequential loss or damage arising from any use of this document.

This report has been approved in the UK by Brandon Hill Capital Limited solely for the purposes of section 21 of the Financial Services and Markets Act 2000. In the UK, this report is directed at and is for distribution only to persons who (i) fall within Article 19(1) (persons who have professional experience in matters relating to investments) or Article 49(2) (a) to (d) (high net worth companies, unincorporated associations, etc.) of the Financial Services and Markets Act 2000 (Financial Promotions) Order 2005 (as amended) or (ii) are professional clients or eligible counterparties of Brandon Hill Capital Limited (all such persons together being referred to as "relevant persons"). This report must not be acted on or relied upon by persons in the UK who are not relevant persons.

Neither this report nor any copy of part thereof may be distributed in any other jurisdictions where its distribution may be restricted by law and persons into whose possession this report comes should inform themselves about, and observe any such restrictions. Distribution of this report in any such other jurisdictions may constitute a violation of UK or US securities law, or the law of any such other jurisdictions.

Investments in general involve some degree of risk, including the risk of capital loss. The services, securities and investments discussed in this document may not be available to nor suitable for all investors. Investors should make their own investment decisions based upon their own financial objectives and financial resources and, if in any doubt, should seek advice from an investment advisor. Past performance is not necessarily a guide to future performance and an investor may not get back the amount originally invested. Where investment is made in currencies other than the investor's base currency, movements in exchange rates will have an effect on the value, either favourable or unfavourable. Levels and bases for taxation may change. When we comment on AIM or NEX shares you should be aware that because the rules for those markets are less demanding than the Official List of London Stock Exchange plc, the risks are higher. Furthermore, the marketability of these shares is often restricted.

Brandon Hill Capital Limited and/or its associated companies may from time-to-time provide investment advice or other services to, or solicit such business from, any of the companies referred to in this document. Accordingly, information may be available to Brandon Hill Capital Limited that is not reflected in this material and Brandon Hill Capital Limited may have acted upon or used the information prior to or immediately following its publication. In addition, Brandon Hill Capital Limited, the directors and employees thereof and/or any connected persons may have an interest in the securities, warrants, futures, options, derivatives or other financial instrument of any of the companies referred to in this document and may from time-to-time add or dispose of such interests. Neither the whole nor any part of this material may be duplicated in any form or by any means. Neither should any of this material be redistributed or disclosed to anyone without the prior consent of Brandon Hill Capital Limited. Brandon Hill Capital Limited is authorised and regulated by the Financial Conduct Authority and is a member of the London Stock Exchange.

Brandon Hill Capital Limited may distribute research in reliance on rule 15a-6(a)(2) of the Securities and Exchange Act 1934 to persons that are major US Institutional investors, however, transactions in any securities must be effected through a US registered broker-dealer. Any failure to comply with this restriction may constitute a violation of the relevant country's laws for which Brandon Hill Capital Limited does not accept any responsibility. By accepting this document you agree that you have read the above disclaimer and to be bound by the foregoing limitations/restrictions. Please note that unless otherwise stated, the share price used in this publication is taken at the close of business for the previous day.
